Still using the 8 basic skills learn how to individualise activities so that everyone gets the maximum benefit from your classes and your teaching will excel. <i>Pool Session</i>
4.15 pm	"KEEPING THE MAGIC IN MINI SQUADS" It's all about keeping swimmers in the water! Deny Zancanaro Energy and enthusiasm are contagious and Deny is well known for his ability to motivate his swimmers and teachers. This session will lift your spirits and inspire you to approach your mini squads from a fresh and innovative point of view. Challenging and motivating - you may even learn some fun new ways to teach old skills! <i>Theory</i>	
6 pm	Saturday Evening Dinner at Rydges Hobart - Happy Hour from 6pm The dinner will be a great chance to mingle with colleagues away from the pool with special guest speaker Anne Steele and will feature the announcement of the Tasmania AUSTSWIM Teacher of the Year Award	

SWIMINAR 2007

Conference Program Day 2

8.30 am	<p align="center">'TERRIFIC TODDLER TRANSITIONS' <i>A Developmental Approach to Challenges with Changes in Toddlers</i> Julie Zancanaro</p> <p>This presentation clarifies the common causes of conflict in swimming lessons for toddlers (18 months to 36 months) with particular focus on two year olds and the transitional events commonly associated with this group. Strategies for making the transition from parent and child programs to preschool programs are explored in depth, giving swim teachers lots of new ideas to explode the myth of the 'Terrible Two's'!</p> <p><i>Theory</i></p>	
9.45 am	<p align="center">"WHAT KIND OF TEACHER ARE YOU?" Debbie Gill</p> <p>Why and how do children learn? Why and how do we teach particular skills? Lets think about what we do and say in order to make it easier for children to learn and achieve results.</p> <p><i>Theory</i></p>	<p align="center">COUNTDOWN TO ADULT STROKE IMPROVEMENT Karina Moore</p> <p>A relaxed yet powerful presentation demonstrating teacher perception and learner response counting down from 10 to 1. A unique combination of traditional methods blended with the mystery of analogy</p> <p><i>Theory & Demonstration</i></p>
